ACTIVITIES IN THE REALTY WORLD

BIG THREE-STORY BRICK IN BURG BROS'. ADDITION IS STARTED TO GO UP—FAY, THE REAL ESTATE MAN, IS RECOVERING FROM HIS RECENT AUTO ACCIDENT

HERBERT F. BROWN FITTING UP WELL APPOINTED OFFICES IN SAN FRANCISCO —NEW MAP OF BAY REGION ISSUED BY RICHMOND DEVELOPMENT COMPANY

The rain has been coming down in such torrents and so steadily about all this week that it was almost impossible to get around the suburban additions and the manufacturing plants to find out what they are doing, and so far as outdoor work is concerned they have not been able to do much of anything, except dig trenches for the water to flow off in, and occasionally cuss the weather man.

Down on the Burg-Nichol tract at 23rd and Macdonald that big new three-story brick block has started to go up and will keep right on going up as fast as weather conditions will permit. It is next door to Fay's offices, and the workmen have to work between showers and dodge into Fay's office and soak in the warmth from his heater every once in a while.

And speaking of Fay, you can "talk with him" again now, as he has recovered from his auto smash-up and is getting ready for the spring boom in real estate, when he expects to locate several hundred more happy human beings out on that swell terrace tract just beyond Grand Canyon park. And he will sure do it if they don't run pretty fast, for the only way to get away from Fay is to break all speed limits.

Couldn't get over to that Industrial Commission banquet, for two reasons, one being that it makes it mighty late getting home again, and the other the fact that an editorial stomach can't stand getting up against the gastronomical nightmares, French fixings and high priced delicacies spread at an Industrial Commission feast. Home made fried chicken and rabbit is our limit. It was a fine affair, though, and no doubt greatly enjoyed by young

SMALL BOYS PLACE TORPEDO ON TRACKS CAUSE EXCITEMENT

The explosion of a torpedo placed upon the street car tracks at the corner of Thirteenth street and Macdonald avenue, about 9 o'clock last evening, caused officer Munday of the local police department to hurry to the scene expecting to find a murder or attempted suicide. The passengers in the car were thrown into a panic many jumping to the street before the car had came to a stop.

The placing of the torpedo on the tracks was evidentally the work of small boys.

AUTO FACTORY TO START VERY SHORTLY

T. F. Cook and J. H. Remmers, connected with the A Auto company of Sacramento, which corporation is about to build a factory on the Gateley ranch north of Richmond, were in Richmond today exhibiting a six-cylinder car.

The company expect to start work on the factory near Richmond as soon as the rains let up so the workmen can get busy.

The gentlemen were being shown about town by H. H. Turley, secretary of the Sequoia Commercial club.

HASEY TO OPPOSE OWENS IN RECALL ELECTION

MARTINEZ, Jan. 16—Rumors are rife in this city today that Edward M. Hasey, Democrat, Union Labor representative and candidate for the assembly at the last general election, will enter the race for State Senator against J. C. Owens, the present incumbent when the recall issue comes before the electors of this district.

Hasey has been one of the prime factors in urging the recall of Owens and has taken an active interest in the campaign against the man whom the labor unions allege violated his obligations to their interests.

Senator Owens stated a few days ago, while in this city, that as yet he is not worrying over the outcome of the proposed election and appeared little concerned. Hasey was defeated by Tom Johnston by a large vote at the election in 1912.

STANDARD OIL COMPANY ORDERS NEW OIL SHIP

The Standard Oil Company entered into a contract with the Union Iron Works yesterday for the immediate construction of a large bulk oil carrying vessel. The award of this contract to a Pacific Coast ship builder means that approximately $800,000 will be spent where the money is earned—on the Pacific Coast rather than in the east.

The new ship will be named the J. A. Moffett and will be practically a duplicate of the new steamship Richmond, which arrived in this port last month on her maiden trip. The J. A. Moffett will have a length over all of 435 feet, four inches, breadth, fifty-four feet and a depth of thirty-one feet, six inches, and a carrying capacity of 9562 tons. The propelling machinery consists of the marine type, quadruple expansion engine, which will develop 2000 indicated horse-power at eighty-five revolutions per minute.

The letting of the contract for the new oil tanker is in accordance with the recently adopted policy of the Standard Oil company to increase its activities all along the line. It is said that other improvements are contemplated by the big oil corporation in Richmond in the way of additions to the local refinery here.

OFFICER MUNDAY GIVES CHASE TO A BOLD BURGLAR

A burglar endeavored to force an entrance into a vacant house at the corner of Ninth street and Macdonald avenue about twelve o'clock last evening, but was frustrated in his attempt by the timely arrival of officer Munday.

The policeman happened to be passing the house at the time the burglar was attempting to raise one of the front windows and immediately gave chase to the man, who is described as being short in stature, clad in a brown suit and wore a soft black hat.

GEORGE KELLY IS BOUND OVER TO HIGHER COURT

George Kelly, recently arrested in this city on a charge of passing fictitious checks on Jack Martin and J. W. Layton, local saloon proprietors, appeared before Police Judge Lindsey this afternoon and pleaded guilty to the charge for which he was bound to the superior court on $1000 bonds.

Kelly was taken to Martinez following his hearing in company with Constable Dike Joslin of the county seat where he awaits his trial.

William L. Ford, of the Baldwin Piano company, is in Richmond with a view of establishing an agency for his company.

RECALL VOTE WILL PROVE COSTLY

SECRETARY OF STATE JORDAN DECLINED TO ASSUME RESPONSIBILITY AS TO SUFFICIENCY OF PETITIONS AND PASSED BUCK UP TO GOVERNOR HIRAM JOHNSON

EXPENSE TO CONTRA COSTA COUNTY WILL APPROXIMATE $5,000 AND MARIN COUNTY WILL HAVE TO FOOT SIMILAR BILL — NO WORD FROM GOVERNOR YET

MARTINEZ, Jan. 16.—The recall election at which the people of Contra Costa and Marin counties will be called upon to vote to either recall or retain in office Senator J. C. Owens of Richmond will prove costly in Contra Costa county the expense to this county alone of the special election totaling about $5,000. Just what Marin county's election costs will be cannot be told at this time but will be close to the same as that in Contra Costa.

When County Clerk J. H. Wells filed the recall petitions with the Secretary of State Wednesday afternoon, that official declined to accept the responsibility of determining the validity of the seven petitions which it is reported may prove worthless because of clerical errors made in the oaths taken by the notaries. The Secretary of State certified the petitions to the Governor Thursday morning and the law provides that the Governor must call the election within 60 and not more than 80 days from date.

The petitions from Contra Costa and Marin counties carried 2773 names, eight more than were required but if the seven petitions are thrown out, there will be 140 signers below the required number.

EXPERT DOG CATCHER ON THE JOB IN THIS CITY

Poundmaster Smith has announced that he has secured the services of Chas. Adkins, an expert dog catcher to assist him in rounding up the unmuzzled canines of this city. The poundmaster made a sortie this morning with his assistant and succeeded in rounding up quite a number of Richmond dogs which were immediately taken to the pound. Most of the dogs captured this morning were from the east side so if any citizen misses his pet today he can bank on the fact that Smith has him or her, safely in the pound out by the old shrimp camp.

From now on the local poundmaster intends to take in all dogs found without the regulation muzzle as provided by the city ordinance. The danger from rabies is increasing in this section and only yesterday the poundmaster caught a dog on Golden Gate avenue which proved to be in the last stages of the dread disease. The dog was taken out to the pound and killed.

The new assistant employed by Poundmaster Smith is an expert with the rope and this morning demonstrated his ability to catch dogs.

WATER DIRECTORS MAY CALL BOND ELECTION NEXT THURSDAY

The directors of the Richmond Municipal Water district held their regular meeting last evening in the city hall with all members of the board present. President Levi Boswell presided.

The greater part of the evening was taken up by the board in listening to an address delivered by Attorney Percy R. Black, of Oakland, a recognized authority on municipal law. Mr. Black discussed the different phases of the act under which the district was organized and stated that several points would have to be adjudicated by the supreme court before the act was thoroughly understood. It is probable that any bonds issued by the Richmond, or other district would not meet with a ready market until the highest court in the land passes on the law.

At the meeting last evening Manager Maloney, of the Peoples Water company, was an interesting spectator, although he did not offer any suggestions.

The members of the board discussed the advisability of calling an election for the issuance of bonds for the purpose of securing money to finance the big project of furnishing Richmond and the district with an adequate water supply.

It was decided to call the election next Thursday evening providing no legal impediments are encountered. Those who object to the project can then come in and tie the matter up in the courts and an early decision from the supreme court of the state will be secured. It is the opinion of those competent to judge that the matter will have to be adjudicated and the sooner it is carried into the courts the better.

The Richmond directors have formed an alliance with the Marin county water board and aim to keep in close touch with that body, and, as a consequence, Richmond will benefit by any experiences of the Marin county water directors.

BUSINESS PROSPECTS BRIGHT

Despite the fact that last year developed many disappointments there is a general feeling of optimism prevailing throughout the country as 1914 progresses into this its first month. The conditions that restricted business and put a check upon industrial activity have either disappeared or have spent their force. The wars in Europe which caused such a heavy drain upon the money centers and consequently advanced money rates to a point high enough to check commercial enterprise, have passed into history and that source of uneasiness and financial strain has been eliminated. In the United States the tariff agitation and the process of remodeling the currency laws which exerted restraining influence on general business, have come to and end and it is generally understood that the handling of the problem of regulating the great industrial combinations is to be along sane and reasonable lines.

With so many cases of unrest and enxiety removed and with the monetary situation certain to be greatly improved by the working of the new currency law, there is good reason to look forward to the business affairs of the present year with confidence and approval. The agricultural interests everywhere are prosperous and will continue so to be. In our foreign commerce we have built up a trade balance in our favor of considerable size. All these favoring influences will make for a general expansion of business and for a pronounced revival in all industries.

These general conditions, which apply to the country as a while, will naturally have the same favorable influence in California and in Richmond as in other parts of the country, and in fact more so, for the reason that the opening of the great Panama canal and the traffic and commerce which is to throw in our direction cannot help but bring a stimulous and development of new trade under which this section must grow and prosper to an almost unlimited extent. Without any reasonable doubt this is to be the greatest and most prosperous year in the history of California, and especially of all the bay region.

THE MONEY 'COON COMING DOWN

When President Wilson announced that as soon as the currency and banking bill should be enacted into law and out of the way the attention of congress would be turned to the business trusts and combinations in restraint of trade, and they would be subjected to strenuous investigations and such remedial legislation as was deemed necessary, he seemed to have communicated a sudden shock to what is known as "Big Business."

Like the 'coon in the top of a tall tree who, after having defied the marksmanship of the ordinary hunters, no sooner saw a noted backwoodsman appear upon the scene that he did not wait to be shot but promptly came down out of the tree and laid himself at the great hunter's feet, so at the President's pronunciamento, prominent financiers of Wall street and elsewhere, identified with great corporations, at once, without waiting for any action by the government, proceeded to dissolve their connection with the various corporations in which they had been prominent as directors, and publicly announced this fact.

The first movement in that direction was made by the Telephone company, when it voluntarily withdrew its grip upon the big Telegraph corporation. Next came the J. Pierpont Morgan firm, the most powerful banking and trust manipulating firm in the country. The five members of this firm have announced their withdrawal from the directorship of thirty big corporations in which for years they have wielded a powerful influence.

If the financial 'coons keep on coming down out of the trust tree of their own accord it will save the President and congress a lot of shooting, and the result will be beneficial to the whole country.

Blessed are the Noble peacemakers, like Root. They get $40,000.

Achilles sulking in his tent
In anger sore and great
Had nothing on the married man
Who finds his supper late.

A fast man goes slow enough at night.

The oftener a man gets full the surer he is that the sober people are running this country.

Last year 292 people were killed on the streets of New York by automobiles, and it was not such a good year for autos, either.

Although we have to pay our income tax this year, we will have no legislative affliction to contend with.

The big corporations now have another job on hand—that of keeping their directorates uninterlocked.

An eminent doctor says anger causes sugar in the blood and gives fatal kidney diseases. Colonel Roosevelt's kidneys must be in bad shape.

A sympathizer sent Harry Thaw a box of holly as a holiday token, and received in reply a note written in verse. That settles it. He's crazy.

A Nevada man advertises that he wants a wife, and wants her six feet high and weighing not less than 200 pounds. Wonder what he wants so much wife for?

If you did not turn over a new leaf the first of this month, it is not too late to do it yet. Neither will it be necessary to wet either your thumb or your whistle.

Editorially the Oakland Tribune and the Oakland Enquirer do not speak as they pass by, and the friction seems to be all about liquor. Well, brethren, come out and have one with us.

This is going to be a hot air campaign, sure enough. With Johnson and Heney both shooting off their rapid-fire, hair-trigger mouths around this state, there is not going to be a safe place anywhere.

In the Chicago court of domestic relations six per cent. of the cases are caused by the interference of mother-in-law, and only one per cent. by fathers. Glad to find something pleasant to say about father.

Mexican military prisoners being held by Uncle Sam at the border did not like the grub being served them and kicked up a big muss; also some of the unemployed at San Francisco went on strike against the free meals over there. It is next to impossible to please some people.

The Wall street bankers are now asking that one of the regional banks be as big as all outdoors and embrace most of the whole east. If there is anything else these gntlemen want they will probably make it known as time goes on, so don't worry about their welfare.

When a fellow sends a telegram to his wife, telling her that he had missed the 5:20 train and therefore couldn't get home until late, he ought not to send it until after the 5:20 train has left, because the time of receiving messages is noted thereon by the blarsted fool of an operator, who probably is not married and don't understand.

We met an old fellow yesterday who had not evolved an inch since the time Ben Butler ran for the presidency on the Greenback ticket. He is now a sort of cross between an old time Populist and a latter day Socialist. He was bragging about some old chap who was a great man and yet wore patches on the seat of his pants. We thought that breed was extinct around here, but there appears to be a few left, and their badge of distinction is still a patch on the seat of the pants. Patches and poverty are no disgrace, but the patches ought to be elsewhere than on the seat, for that is a sure sign of sitting around on dry goods boxes, being lazy, and telling how the government ought to be run while the wife takes in washing to support the family.

CHRISTMAS HAS PASSED, BUT THE NEW YEAR IS SOON HERE. Are you going to begin the New Year by contributing to the Landlord in the same old way? Start the New Year right and take some of our installment propositions that each month places something to your credit. Can you buy Bread, Meat, or even a Soup Bone, with your rent receipts? No. Then why invest your money for something in-valuable. In case you should have to leave Richmond, as many of you argue, what have you to offer for sale if you are a renter? But on the other hand, if you have a Contract of a desirable piece of property, you have something to sell, and I know parties that have sold at a profit in only a short time. You can do the same. So let us help you to start the New Year in a way that you will never regret.

fellows like Wall, Cutting, McLaughlin, Gignoux, Nicholl and Herbert Brown—young chaps who can digest scrap iron or anything else. They say Colonel Rees' speech was a corker. Don't doubt it a minute—he's a corker himself. We won't say anything about Cutting. Already given him four columns this week, and that's enough. Glad to see Mr. Alverado turn out, as he rarely does, and he is a good talker. The commission is going to make Richmond hum and hump this year, or bust a puckering string, and those gentlemen have a happy faculty of doing about everything they start out to do. No, we could not get to the banquet, but will be there on the jump and hum, all right, with both feet. That is something that does not require digestion—just sand and nerve.

One of the finest maps of the bay region ever issued is just out by the Richmond Development Co., with offices in the Lick building, San Francisco. It shows about everything that anybody could want shown. Better write and ask them for one. It's a dandy.

Herbere Brown's new offices, Suite 401 Wells-Fargo building, San Francisco, are very commodious and spacious. Plenty of room to do lots of business and Brown expects to do it, which translated means that he will do it. As a start toward doing it the Andrada Building Company is starting in on a twelve-room boarding house and several new bungalows out on the Brown-Rivers tract, which are to be completed as fast as the weather bureau will allow. Big things are going to happen in the northern part of the city and way on beyond this year.

Bouquet & Moran have broadened out by adding two more nice rooms to their offices in the First National Bank building, Oakland, and are blowing up the tires for the spring rush. They will do a lot of improving on their City Center tract this year—streets, walks, trees and all that sort of thing and considerable building.

George McPherson reported that he had only sold ten or a dozen Richmond lots this week, owing to the rains, and at that rate would join the army of unemployed in a few minutes. George is always cheerful, rain or shine. And that helps business, too.

George Wall not only sold a million dollars' worth of lots in that Harbor tract last year but has one of the finest ladies in the world as a business associate. Some fellows are just naturally born lucky.

APARTMENT HOUSE TO BE ERECTED

Plans for the erection of a modern two-story apartment house are being completed by architect J. Narbett for O. E. Liddel, of Taft. The new building is to be erected at the corner of Agnes avenue and Richmond boulevard in Burg Brothers' tract, and will cost in the neighborhood of $12,000.

The apartment house will be built mission style and will have a large court facing on the boulevard.

ORMSBY IS OUT FOR COUNTY ATTORNEY

MARTINEZ, Jan. 16.—A new hat is lying in the center of the political ring in Contra Costa county. It is a perfectly good hat, too, though one not unused to political battles. It is the property of Assistant District Attorney A. S. Ormsby and will remain there until after the votes are counted at the next general election.

Judge Ormsby announced today that he is a candidate for the office of district attorney t succeed A. B. McKenzie, the present incumbent, who, it is understood, will enter the race for the second judgeship.

The fight for the office promises to be a merry one as Ormsby makes the third man to enter. Assemblyman Tom Johnston, who was formerly assistant district attorney announced some months ago that he would be a candidate in the event that McKenzie would not run again. He has been quietly fixing up his lowing throughout the county and will be a strong candidate. Then A. J. Sotto, who at the present time is deputy district attorney, quietly slipped the word to his friends a few weeks ago that he would be found in the fight to succeed his chief. Soto is a veteran campaigner and known from one end of the country to the other. All three are Republicans.

Judge Ormsby has been assistant district attorney for the past two years. He has been practicing law in this county for nearly twenty years and seven years ago moved to Walnut creek from Oakland to make his home. He is making his home in this city at the present time.

LOCAL POSTOFFICE EMPLOYES PRAISED

Postmaster Sam Jenkins is in receipt of the following letter from the postmaster general praising the employes of the department in Richmond for their efficient aid in handling the largest amount of business during the holiday season. The letter says:

Postmaster, Richmond, Cal.

Washington, Jan. 10, 1914.

The splendid manner in which every employe of the postal service in the department and in the field, acquitted himself in handling the enormous quantity of mail during the recent holiday season is not only a source of deep gratification to me, but a pride to every American citizen. Although the parcel post more than doubled the usual volume of Christmas mail, the task of handling this mail proved not so much a test of the capacity of the postal service as an opportunity for the employes to demonstrate their ability to meet all emergencies. The result is a substantial evidence of the energy, resourcefulness, efficiency and loyalty of every employe, wherever his duty from the highest to the most inconspicuous. This achievement assures me that all emergencies of the future will be promptly and effectively met.

I extend to you very best wishes for a happy and prosperous New Year.

A. S. BURLESON,
Postmaster General.

C. E. UNION TO MEET IN OAKLAND

Special train service will be arranged from all parts of the state. The program is being prepared by the officers of the State Union.

FERRY ASHORE ON ANGEL ISLAND

Caught in the grip of a strong ebb tide, the Northwestern Pacific ferry-boat Tiburon was last evening thrown up on the beach near the Army recruit depot at Fort McDowell, on the west side of Angel island, her twenty-seven passengers taken off the crippled vessel in a launch and, from all the crew of the boat could ascertain last night, the bottom of the vessel is badly damaged as well as her rudder being smashed off. At 10:55 o'clock the Tiburon was hauled off the beach by the Santa Fe tugs Payson and Santa Fe and the stern-wheel freighter Lagunitas and proceeded under her own steam to Tiburon.

The Tiburon was en route from Sausalito to Tiburon at 7:15 o'clock when the accident happened. It was the boat's last trip for the night, and there were aboard as passengers nineteen men and six women and two children. The vessel was in command of Captain Howard White, and he had as his chief engineer Charles Olson, with John Wattila as first officer and John Larsen as second officer.

While off Fort McDowell and steaming along slowly because of the dense fog, the ebb tide caught the vessel and carried it ashore. The boat struck broadside on. Fortunately the boat did not strike hard and that it was not more badly injured was due to the fact that it hit a mud bank but a very short distance from the Fort McDowell wharf.

At first there was some excitement among the passengers, but this was quickly quelled by Captain White and his crew, who assured all on board that there was no danger.

The soldiers at Fort McDowell immediately communicated by telephone with Sausalito, Tiburon and San Francisco, telling of the plight of the ferryboat, and the first craft to come to the assistance of the disabled boat was the launch Marporie, owned by Samuel McDonough. McDonough and C. A. McNeil rushed the launch over to the scene of the accident as quickly as possible through the fog. The Government quarantine boat Alcatraz, a launch from the Fort Point Life-saving station, the launch Sonoma, the Maria and the Lagunitas, as well as other launches and tugs, also went to the ferry boat's assistance.

The Marjorie, because of her light draft, was able to pull directly along side the disabled ferryboat, and McDonough and McNeil first took off the women and children, getting them aboard the launch by means of a ladder. They took them to the launch Sonoma and then returned for the men passengers.

All the passengers took the transfer calmly.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Old Styles and New

"JEMINA JANE," the husband said, "we go this eve to dine with Jones; now, wear a sane hat on your head, and decent rags upon your bones. You're going in for modern styles and think it wisdom, I suppose; and you are spending piles and piles of hard-earned rocks for bughouse clothes. I do not kick at the expense, but when you go abroad with me, I want your dress to show some sense—I don't care what the fashions be.

"In olden days, when I was young, the women dressed with sense and taste; no matron on her person flung a dippy skirt or silly waist. The women tried to hide their limbs, and modestly they decked their frames; the memory my eyes bedims when I look round on modern dames. So don't arrrrray yourself, astlore, in things that make the people stare; remember what your mother wore, and something modest like it wear."

Jemima Jane, in sore distress, went up to make the needed change. She had a brand-new modern dress, with hobbles, slits and doodads strange; but since her husband placed a ban on all the things she wished to wear, the new dress was an also-ran, and so Jemima tore her hair. Her eye fell on an ancient trunk. Jemima cried. "That's what I'll do! I'll wear a lot of mother's junk that's not been worn since '82!"

She togged herself from end to end in the garments of the grand old days. She wore a stately Grecian bend and monumental whale bone stays; the sleeves were tight, the waist was flat, with foolish ribbons here and there. She wore a dinky little hat and knotted net upon her hair. And from the waistline to the floor the dress was large enough to hold two dozen shapely limbs or more—but only two it did infold.

Then she burst on her husband's gaze, and he evinced no signs of bliss, but wildly cried, in his amaze, "Great Scott! what dog-gone freak is this? Can this be you, Jemima Jane, the woman that I made my bride, or has the weather soured my brain and made me daft and orey-eyed? Can this be you, the once sweet maid I vowed to cherish and protect, or have my faculties all strayed? Has something spoiled my intellect?

"These are my mother's clothes," said Jane, "the kind of rags you like the best; you know that they are safe and sane and modest till you cannot rest."

"Go take them off," his voice arose, "and put on something up to date! If women wore such duds as those, no man could keep his brain on straight. I never knew our mothers owned allegiance to such nutty styles. No wonder that our fathers groaned through life and looked on death with smiles."

—Walt Mason, in Judge.

Mrs. A. C. King will be at The Fair Monday, the 19th, in the interest of The Ladies' Home Journal Patterns. The ladies of Richmond and vicinity are cordially invited to call and meet her.
